Even nine years later, there is really nothing comparable on the market - and the second edition is even better than the first with more material and better explanations. What I think is unique about the "Attack Proof" system is that it approaches self-defense from two different, but complementary, angles:

I'm a 1st Edition owner of Gloomhaven. The KS 2nd Edition page mentions a \$25 pledge for an Upgrade Combo Pack. It's not clear to me if it includes any new/changed cards that are part of the 2nd Edition. If that has been clarified in another post, I'd appreciate the link to it. Thank you in advance!

An action with the press trait can be used only if you are currently affected by a multiple attack penalty. Some actions with the press trait also grant an effect on a failure. The effects that are added on a failure don't apply on a critical failure. If your press action succeeds, you can choose to apply the failure effect instead.
