Aztec S1000

The Series 1000™ is a light-weight tensioned pole tent system with a shape and style similar to larger engineered tension tents without the added weight and extra reinforcing found in those designs. All visible webbing is coated with PVC so it remains free of dirt and is easy to clean.

and further parameters were added. With the launch of the Aztec Series 1000 range of colorimetric and ISE analysers in 1998 the Aztec brand became synonymous for its reliability, repeatability and accuracy of measurement. ABB acquired the Aztec range from Severn Trent Services in 2007 and by modernising the unique and proven liquid handling systems
