Beltronics Vector 995 Manual - cracktrainer

The Beltronics Vector 995 offers full-band protection against X, K, Ka, and Ku radar, as well as laser detection and Safety Warning System (SWS) alerts. The V995 is powered by a front and rear laser-detection technology, digital signal processing, and an AutoScan mode that help make it one of the most reliable devices available today.

Beltronics Vector 995 Review | Drive-Safely.net

The V995 (not V955 a visual blurb) is advanced in technology and design and user friendly for setting up for your specific needs. Detecting all U.S. radar and laser bands, it will provide you with the most accurate information you could ask for. The distance features, including POP mode and Ka-band threats are thwarted when you install this unit.
