Equity And Trusts

The history of equity and trusts concerns the development of the body of rules known as equity, English trust law and its spread into a modern body of trust law around Commonwealth and the United States. The law of trusts was constructed as part of "equity", a body of principles made by the Courts of Chancery, which sought to correct the strictness of the common law. The trust was an addition to the law of property, in the situation where one person held legal title to property, but the courts d

History of equity and trusts - Wikipedia

Equity proves a breach of fiduciary duty which has traditionally been seen as a door to a remedy not available at common law, such as a contractive trust. The principle remedy at common law is the award of damages, common law remedies, have not traditionally been available to enforce purely equitable right whereas equity supplements the remedies available at common law via an array of remedies that may be awarded to enforce both legal rights and equitable right.
